

# LUXFLUX.SOFTWARE SUITE

for hyperspectral imaging

## FEATURES

Certifiable Work Flows

Graphical Programming to Develop Models

Artificial Intelligence

Realtime

Embedded

Supports Industry Vision Standards

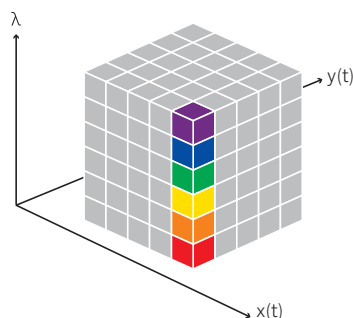

Runs on ARM, Intel, AMD, GPU, Supports Multi-Threading

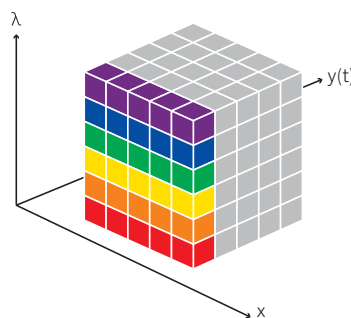

Runs on Windows, Linux, Mac

## WE SUPPORT ALL SPECTRAL DATA SOURCES

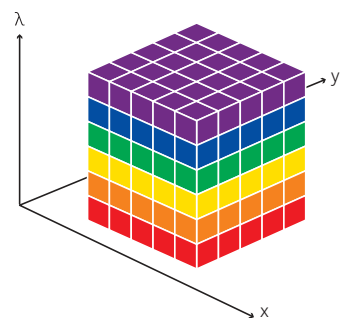

Spectrometer

Push-Broom

Imager

## SECURITY

State of the Art Cryptography

PKI Ready

RSA 4096 Encryption

TLS Encryption and Authentication
